# **INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners of Tattnall County, Georgia Reidsville, Georgia

#### **Report on the Financial Statements**

#### Opinions

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Tattnall County**, **Georgia** (the "County"), as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County as of September 30, 2023, and the respective changes in financial position and the respective budgetary comparisons for the General Fund and the American Rescue Plan Act ("ARPA") Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Tattnall County Board of Health, which represents 33%, 18% and 78%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as it relates to the amounts included for the Tattnall County Board of Health, are based solely on the report of the other auditors.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in the County's Net Pension Liability and Related Ratios and the Schedule of County Contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board ("GASB") who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis ("MD&A") that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, the balance sheet - component units, the schedule of revenues, expenditures and changes in fund balance - component units, the Schedule of Expenditures of the Special Purpose Local Option Sales Tax ("SPLOST") proceeds as required by the Official code of Georgia Annotated ("O.C.G.A.") §48-8-121, and the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") are presented for the purpose of additional analysis and are not required parts of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, the balance sheet component units, the schedule of revenues, expenditures and changes in fund balance - component units, the Schedule of Expenditures of SPLOST proceeds, and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 7, 2024 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tattnall County, Georgia's internal control over financial reporting and compliance.

Mauldin & Genkins, LLC

Savannah, Georgia March 7, 2024

#### RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds		\$ 1,687,486
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.		
Capital outlay S Depreciation	\$ 2,560,822 (1,857,339)	703,483
Governmental funds report leased asset additions as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over the shorter of their estimated useful lives or the lease term and reported as amortization expense. This is the amount by which lease asset additions exceeded amortization expense in the current period.		
Leased asset additions	\$ 361,750 (286,871)	74,879
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		(4,663)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
Debt proceeds § Premium amortization	\$ (260,196) 63,359	
Landfill post-closure costs Principal repayments	20,000 971,759	794,922
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Change in accrued interest Change in the net pension liability and related deferred items Change in compensated absences	\$ 8,895 (539,950) (39,184)	 (570,239)
Change in net position of governmental activities		\$ 2,685,868

# NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2023

# NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Tattnall County, Georgia (the "County") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to governments. The Governmental Auditing Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

# A. The Reporting Entity

Tattnall County was established under the provisions of an act of the General Assembly of Georgia on December 5, 1801. The County operates under a County Commissioner form of government (six commissioners are elected by the voters of the County) and provides the following services as authorized by state law: public safety (police and fire), highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning, and general administrative services.

As required by GAAP, the financial statements of the reporting entity include those of Tattnall County, Georgia (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationship with the County. In conformity with accounting principles generally accepted in the United States of America, as set forth in GASB Statement No. 14, as amended, the financial statements of the component units are discretely presented in the government-wide financial statements.

#### Tattnall County Development Authority

The governing board of the Tattnall County Development Authority (the "Development Authority") consists of nine members appointed by the Tattnall County Board of Commissioners and surrounding cities. The Development Authority is responsible for promoting industrial and commercial development within the County. Although the County does not have the authority to approve or modify the budget of the Development Authority, the County does provide financial support to the Development Authority. Separately issued financial statements are not available for the Development Authority.

# A. The Reporting Entity (Continued)

#### Tattnall County Board of Health

The Tattnall County Board of Health (the "Health Department") provides public health services to the residents of the County under a contract with the Georgia Department of Human Resources. Although the County does not have the authority to approve or modify the budget of the Health Department, the County is obligated to provide financial support to the Health Department. The Health Department has a June 30<sup>th</sup> year-end. The Health Department's statements have been prepared separately and can be obtained by writing:

Tattnall County Board of Health, 200B South Main Street, Reidsville, Georgia 30453.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and custodial funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

# C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, including lease liabilities, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions, including entering into contracts giving the County the right to use leased assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources.

Property taxes, sales taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *American Rescue Plan Act* ("*ARPA"*) *Fund* is used to account for grant funds awarded to the County from the U.S. Department of Treasury as part of the State and Local Fiscal Recovery Fund under the American Rescue Plan Act.

The **2020 Special Purpose Local Option Sales Tax ("SPLOST") Fund** accounts for the proceeds of a SPLOST. Funds are used for road and bridge improvements, public buildings projects, emergency services, and other City projects within the County.

# C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The **Sales Tax Bond Fund for 2020 SPLOST** accounts for the general obligation sales tax bond proceeds to be used for various capital outlay projects within the County.

*Transportation Special Purpose Local Option Sales Tax ("TSPLOST") Fund* is used to account for the regional TSPLOST proceeds received for transportation purposes within the County.

Additionally, the County reports the following fund types:

The **special revenue funds** account for specific revenues that are legally restricted to expenditures for particular purposes.

The *capital projects funds* account for the acquisition of capital assets and construction or improvement of major capital projects such as construction of new roads.

The *custodial funds* are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals, such as cash bonds, traffic fines, support payments and ad valorem and property taxes.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the County's solid waste functions and the other functions of the government. Elimination of these charges would distort the direct costs reported for the various functions concerned.

Amounts reported as *program revenues* include: 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

#### D. Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

#### E. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### F. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. For the most part, the effect of interfund activity has been removed from the government-wide Statement of Net Position. In the fund financial statements, these receivables and payables are classified as "due from other funds" or "due to other funds."

In the government-wide financial statements, any residual balances outstanding between the governmental activities and business-type activities are reported as "internal balances".

## G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. The County has retroactively reported major general infrastructure assets. In this case, the County chose to include all items regardless of their acquisition date. The County was able to estimate the historical cost for the initial reporting of these assets through back trending.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized.

Capital assets and right to use leased assets of the primary government and Development Authority are depreciated/amortized using the straight-line method over the following useful lives:

Asset Category	Years
Buildings	15 – 40
Improvements other than buildings	15 – 40
Infrastructure	15 – 25
Machinery and equipment	5 – 15
Right to use leased equipment	5 – 15

#### H. Compensated Absences

It is the County's policy to permit employees to accumulate earned, but unused, vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave, since the County does not have a policy to pay this amount when employees separate from service with the County. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

## I. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities fund type Statement of Net Position.

In the fund financial statements, governmental fund types report the face amount of the debt issued as other financing sources.

## J. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

The County has four items that qualify for reporting in this category. These items, relating to the County's retirement plan, qualify for reporting in this category and are combined in the Statement of Net Position under the heading "Pension". The County reports deferred outflows of resources for assumption changes which are amortized over pension expense over a five-year period. Also, experience differences result from periodic studies by the County's actuary, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, resulting as a deferred outflow of resources. Also, the net difference between projected and actual earnings on pension plan investments is deferred and amortized into pension expense over a five-year period, resulting in recognition as a deferred outflow of resources. Additionally, any contributions made by the County to the retirement plan before year-end but subsequent to the measurement date of the County's net pension liability are reported as deferred outflows of resources.

## J. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the Statement of Net Position and the Governmental Funds Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets/fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has two items that qualify for reporting in this category, one of which arises only under the modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the Governmental Funds Balance Sheet. The governmental funds report unavailable revenues from property taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. Experience differences result from periodic studies by the County's actuary, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, resulting as a deferred inflow of resources.

# K. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balances." Fund equity for all other reporting is classified as "net position."

*Fund Balances* – Generally, fund balances represent the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Non-spendable Fund balances are reported as non-spendable when amounts cannot be spent because they are either: a) not in spendable form (i.e., items that are not expected to be converted to cash), or b) legally or contractually required to be maintained intact.
- Restricted Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- Committed Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Commissioners through the adoption of a resolution. Only the Board of Commissioners may modify or rescind the commitment.

# K. Fund Equity (Continued)

- Assigned Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the Board of Commissioners has authorized the County Manager to assign fund balances.
- Unassigned Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balances only in the General Fund. Negative unassigned fund balances may be reported in all funds.

*Flow Assumptions* – When both restricted and unrestricted amounts of fund balances are available for use for expenditures incurred, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balances, it is the County's policy to use fund balances in the following order: 1) committed, 2) assigned, and 3) unassigned.

**Net Position** – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the County has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### L. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from these estimates.

#### M. Leases

The County is a lessee for noncancellable leases of equipment. The County recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements. The County recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the County determines: 1) the discount rate it uses to discount the expected lease payments to present value, 2) lease term, and 3) lease payments:

- The County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option prices that the County is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease liabilities are reported with long-term debt on the Statement of Net Position.

# NOTE 2. LEGAL COMPLIANCE – BUDGETS

# A. Budgets and Budgetary Accounting

**Budgetary Data.** The annual budget document is the financial plan for the operation of the County. The budget process exists for the purpose of providing a professional management approach to the establishment of priorities and the implementation of work programs while providing an orderly means for control and evaluation of the financial posture of the County. All budgets are adopted on a basis consistent with GAAP. An annual operating budget is prepared for all governmental funds except the capital project funds, which use project-length budgets.

Department heads submit to the County Manager a proposed operating budget for the fiscal year commencing the following October 1. The proposed budgets are then submitted to the Board of Commissioners by the County Manager for study. Public hearings are conducted to obtain taxpayer comments. Prior to October 1, the budget is legally adopted by the Board of Commissioners.

The legal level of control for each legally adopted annual budget is the department level. Supplemental appropriations out of the County's General Fund contingency account may be made by the Board of Commissioners to fund unforeseen expenditures within the County's governmental funds at any time during the year. The Board of Commissioners must approve any department level changes to a previously adopted budget. Management may amend the budget without seeking the approval of the Board of Commissioners at any level below the departmental level.

All final budget amounts presented in the accompanying financial statements have been adjusted for legally authorized revisions of the annual budget during the year. The supplementary budgetary appropriations made were not material. All unexpended appropriations provided in the annual budget lapse at year-end.

## B. Deficit Fund Balance

The Department of Transportation ("DOT") Special Fund reported a deficit fund balance of \$445,951 at September 30, 2023. This deficit will be reduced by future revenues.

# NOTE 2. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

#### C. Excess Expenditures over Appropriations

For the year ended September 30, 2023, expenditures exceeded budget in the applicable governmental funds as follows:

Department	 Excess
General Fund:	
General government - public buildings	\$ 4,397
Public safety - fire and rescue	149,894
Public safety - special ambulance service	77,567
Public safety - animal control	2,774
Health and welfare - health department	844
Sheriff Special Fund:	
Public safety	170,080
Capital outlay	14,818
Solid Waste Fund:	
Sanitation	26,667

These over-expenditures were funded by under-expenditures in other departments or additional revenue.

## NOTE 3. DEPOSITS AND INVESTMENTS

**Credit risk.** State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. It is the County's policy to limit its investments to those allowed and authorized by state law. As of September 30, 2023, the County held no investments.

**Custodial credit risk – deposits**. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of September 30, 2023, the deposits of the County and its component units were properly insured and collateralized as defined by GASB pronouncements and the official code of the State of Georgia.

## NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

**Interest rate risk**. The County's investment policy is a means of managing its exposure to fair value losses arising from increasing interest rates. As such, they adhere to the following criteria regarding investments as outlined in the County's policies and procedures manual: the investment must always be concerned with the preservation of principal; all investments must be relatively liquid; and there must be a realization of competitive interest rates relative to the risk assumed. The County Manager is authorized to make all investment decisions on behalf of the County.

#### NOTE 4. RECEIVABLES

	 General Fund	20	20 SPLOST Fund	TSPLOST Fund	Nonmajor overnmental Funds	 Total
Receivables:						
Taxes	\$ 543,288	\$	-	\$ -	\$ -	\$ 543,288
Accounts	283,931		-	-	562,665	846,596
Due from other						
governments	 167,480		247,441	 68,108	 -	 483,029
Gross receivables	994,699		247,441	68,108	562,665	1,872,913
Less allowance	 		-	 -	 (72,465)	 (72,465)
Net receivables	\$ 994,699	\$	247,441	\$ 68,108	\$ 490,200	\$ 1,800,448

Receivables at September 30, 2023 consist of the following:

Property taxes attach as an enforceable lien on property as of January 1. Property taxes are billed on or about October 20<sup>th</sup> of each year and are payable within 60 days. The County bills and collects its own property taxes. Collection of taxes for the County and other government agencies is the responsibility of the Tax Commissioner's Office, which is accounted for in an Agency Fund. County property tax revenues at the fund reporting level are recognized when levied to the extent that they result in current receivables (i.e., collectible in 60 days). For the year ended September 30, 2023, property taxes were levied on September 19, 2023, mailed on September 20, 2023, and were due December 15, 2023. Net receivables estimated to be collected subsequent to November 30, 2023, are deferred as of September 30, 2023, and recorded as revenue when received. Prior year levies were recorded using substantially the same principles, and remaining receivables are reevaluated annually.

## NOTE 5. CAPITAL ASSETS

## A. Primary Government

Capital asset activity for the fiscal year ended September 30, 2023 is as follows:

	 Beginning Balance		Increases	ases Decreases		Transfers		Ending Balance	
Governmental activities: Capital assets, not being depreciated:									
Land	\$ 742,889	\$	-	\$	-	\$	-	\$	742,889

## NOTE 6. LONG-TERM LIABILITIES

The following is a summary of long-term liability activity for the primary government for the year ended September 30, 2023:

		Beginning Balance	 Additions	F	Reductions	 Ending Balance	-	ue Within One Year
Governmental activities:								
Bonds payable	\$	2,885,000	\$ -	\$	(690,000)	\$ 2,195,000	\$	710,000
Unamortized bond premium		159,262	-		(63,359)	95,903		-
Total bonds payable		3,044,262	 -		(753,359)	 2,290,903		710,000
Leases		1,191,624	260,196		(253,700)	1,198,120		237,604
Direct borrowing - financed purchase		118,778	-		(28,059)	90,719		29,122
Compensated absences		380,073	152,196		(113,012)	419,257		75,075
Landfill liability		40,000	-		(20,000)	20,000		20,000
Net pension liability		1,442,227	2,937,221		(570,047)	3,809,401		- '
Governmental activities Long-term liabilities	\$	6,216,964	\$ 3,349,613	\$	(1,738,177)	\$ 7,828,400	\$	1,071,801

For governmental funds, compensated absences and the net pension liability are generally liquidated by the General Fund.

Landfill Closure and Post-closure Costs. Effective in the early 1990's, the Tattnall County Landfill Phase II was closed, and no additional waste has been accepted. According to state and federal laws and regulations, the County must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. Engineering studies estimate post-closure costs of approximately \$20,000 over the remaining period. Should any problems occur during this post-closure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

**Bonds Payable.** In April of 2018, the County issued \$4,230,000 in General Obligation Sales Tax Bonds, Series 2018, to fund various capital outlay projects within the County. The bonds have interest rates ranging from 3.0% to 5.0%. The bonds require annual principal payments beginning April 1, 2021 through April 1, 2026, and interest is payable semi-annually on October 1 and April 1 each year.

### NOTE 6. LONG-TERM LIABILITIES (CONTINUED)

**Bonds Payable. (Continued)** The principal and interest on the bonds are payable from SPLOST funds. As of September 30, 2023, annual requirements for debt service on the General Obligation Bonds are as follows:

Fiscal Year Payable	Principal			Interest	Total		
2024	\$	710.000	\$	102.750	\$	812,750	
2025	Ŧ	730,000	Ŧ	67,250	Ŧ	797,250	
2026		755,000		37,750		792,750	
	\$	2,195,000	\$	207,750	\$	2,402,750	

**Financed Purchase.** In November of 2020, the County entered into a General Obligation Contract in the amount of \$145,812, to fund the purchase of communications equipment. The contract bears interest of 3.75%. The contract requires annual principal and interest payments beginning November 20, 2021 through November 20, 2025.

As of September 30, 2023, annual requirements for debt service on the financed purchase is as follows:

Fiscal Year Payable	P	rincipal	<u> </u>	nterest	 Total
2024	\$	29,122	\$	3,438	\$ 32,560
2025		30,226		2,335	32,561
2026		31,371		1,189	 32,560
	\$	90,719	\$	6,962	\$ 97,681

**Leases.** The County has entered into lease agreements as lessee for financing the acquisition of various equipment with a cost of \$1,907,418. The leases have been recorded at the present value of the future minimum lease payments as of the date of their inception. The County makes monthly principal and interest payments. Interest rates range from 1.5% to 6%, and terms extend through 2027.

As of September 30, 2023, annual requirements for debt service on the County's leases are as follows:

Fiscal Year Payable	 Principal	 Interest	Total		
2024	\$ 237,604	\$ 56,583	\$	294,187	
2025	621,764	47,712		669,476	
2026	174,708	18,198		192,906	
2027	52,566	11,879		64,445	
2028	111,478	12,217		123,695	
	\$ 1,198,120	\$ 146,589	\$	1,344,709	

## NOTE 6. LONG-TERM LIABILITIES (CONTINUED)

#### **Conduit Debt**

The Tattnall County Development Authority issued revenue bonds to provide financial assistance to a private sector entity for the acquisition and construction of commercial facilities deemed to be of public interest. The Development Authority is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The issuance occurred on December 1, 2022, totaling \$21,000,000. The total amount of bonds outstanding at September 30, 2023 was \$21,000,000.

## NOTE 7. LEASED ASSETS

Leased asset activity for the fiscal year ended September 30, 2023 is as follows:

		Beginning Balance	<u> </u>	ncreases	Decr	eases	Remeas	surements	 Ending Balance
Governmental activities									
Leased assets, being amortized:									
Machinery and equipment	\$	1,907,418	\$	361,750	\$	-	\$	-	\$ 2,269,168
Total		1,907,418		361,750		-		-	 2,269,168
Less accumulated amortization for	:								
Machinery and equipment		(1,019,667)		(286,871)		-		-	 (1,306,538)
Total		(1,019,667)		(286,871)		-		-	 (1,306,538)
Total leased assets, being									
amortized, net		887,751	. <u> </u>	74,879		-		-	 962,630
Governmental activities									
leased assets, net	\$	887,751	\$	74,879	\$		\$		\$ 962,630

## NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of September 30, 2023 is as follows:

Receivable Fund	Payable Fund	 Amount			
General Fund	Nonmajor Governmental Funds	\$ 367,378			
General Fund	TSPLOST Fund	100			
General Fund	Sales Tax Bond Fund	250,000			
Nonmajor Governmental Funds	Nonmajor Governmental Funds	 1,610			
		\$ 619,088			

These balances resulted from the time lag between the dates that: 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made. Advances to/from other funds represent amounts not expected to be repaid within one year from the date of the financial statements.

	Transfer Out										
					Nor	nmajor					
Transfer In		General Fund	S	ales Tax Bond	Governmental Funds			Total			
Nonmajor Governmental Funds	\$	280,149	\$	-	\$	-	\$	280,149			
ARPA		720,583		-		-		720,583			
Sales Tax Bond		678,725		-		100		678,825			
2020 SPLOST		-		61,354		-		61,354			
	\$	1,679,457	\$	61,354	\$	100	\$	1,740,911			

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

### NOTE 9. JOINT VENTURE

Under Georgia law, the County is a participating member of the Heart of Georgia Altamaha Regional Commission ("RC") and is required to pay annual dues thereto. During its year ended September 30, 2023, the County paid \$16,493 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated ("O.C.G.A.") §50-8-34 which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. O.C.G.A. §50-8-39.1 provides that the member governments are liable for any debts and obligations of an RC. Separate financial statements may be obtained from:

Heart of Georgia Altamaha Regional Commission, 5405 Oak Street, Eastman, Georgia 31023.

#### **NOTE 10.** RETIREMENT PLANS

#### **Primary Government**

#### **Plan Description**

The County's defined benefit pension plan, the Tattnall County Defined Benefit Plan (the "Plan"), provides retirement, disability, and death benefits to plan members and beneficiaries. The Plan is affiliated with the Association County Commissioners of Georgia Defined Benefit Plan (the "ACCG"). an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating counties in Georgia. The specific benefit provisions of the County's plan were established by an adoption agreement executed by the Tattnall County Board of Commissioners.

The ACCG Plan issues a publicly available financial report that includes financial statements and required supplementary information. The report can be obtained by writing to:

> GebCorp 191 Peachtree Street NE, Suite 700, Atlanta, Georgia 30303.

Plan membership as of January 1, 2023 (the most recent actuarial valuation date), is as follows:

Inactive plan members or beneficiaries currently receiving benefits	61
Inactive plan members entitled to but not receiving benefits	59
Active plan members	142
Total	262

The County is required to contribute an actuarially determined amount annually to the Plan's trust. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirement contained in the State of Georgia statutes. The County's required contribution for the 2023 plan year is \$487,941, or 10.3% of covered payroll. No contributions are required of or permitted by plan members. The County meets all costs of the Plan.

#### Net Pension Liability of the County

The County is required to contribute an actuarially determined amount annually to the Plan's trust. A contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and intended to satisfy the minimum contribution requirements as set forth in controlling State of Georgia statutes. Plan participants are not required to contribute to the Plan.

### Primary Government (Continued)

#### Net Pension Liability of the County (Continued)

The County's net pension liability was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2023, with updated procedures performed by the actuary to roll forward to the total pension liability measured as of December 31, 2022.

Actuarial Assumptions. The total pension liability in the January 1, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increases	3.5% - 5.5%, including inflation
Investment rate of return	7.00%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 GE (50%) and PS (50%) Amt-Weighted with Scale AA to 2022 (Pre-Retirement: Employee, Post-Retirement: Retiree).

The actuarial assumptions used in the January 1, 2023 valuation were based on the results of an actuarial experience study for February 2019.

The long-term expected rate of return on pension plan investments was determined through a blend of using a building-block method based on 20-year benchmarks (25%) and 30-year benchmarks (25%), as well as forward-looking capital market assumptions for a moderate asset allocation (50%), as determined by Union Bank of Switzerland ("UBS"). Expected future rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

#### **Primary Government (Continued)**

#### Net Pension Liability of the County (Continued)

Actuarial Assumptions (Continued). Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2023 are summarized in the following table:

Long-term

Asset Class	Target Allocation	Expected Real Rate of Return
Fixed Income	30%	25% – 35%
Equities:		
Large Cap	30%	25% – 35%
Mid Cap	5%	2.5% – 10%
Small Cap	5%	2.5% – 10%
REIT	5%	2.5% – 10%
International	15%	10% – 20%
Multi Cap	5%	2.5% – 10%
Global Allocation	5%	2.5% – 10%
Total	100%	

*Discount Rate.* The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made based on the average County contribution made to the Plan over the prior five years. Based on this assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

#### **Primary Government (Continued)**

#### Net Pension Liability of the County (Continued)

*Changes in the Net Pension Liability of the County.* The changes in the components of the net pension liability of the County for the year ended September 30, 2023 were as follows:

	To	tal Pension Liability (a)	an Fiduciary et Position (b)	et Pension Liability (a) - (b)
Balances at September 30, 2022	\$	11,897,745	\$ 10,455,518	\$ 1,442,227
Changes for the year:				
Service cost		279,532	-	279,532
Interest		816,126	-	816,126
Liability experience (gain)/loss		81,004	-	81,004
Assumption change		19,192	-	19,192
Contributions - employer		-	570,047	(570,047)
Net investment income		-	(1,465,271)	1,465,271
Benefit payments, including refunds				
of employee contributions		(477,591)	(477,591)	-
Administrative expense		-	(41,141)	41,141
Other changes		-	 (234,955)	 234,955
Net changes		718,263	 (1,648,911)	 2,367,174
Balances at September 30, 2023	\$	12,616,008	\$ 8,806,607	\$ 3,809,401

The required schedule of changes in the County's net pension liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liability of the County, calculated using the discount rate of 7.00%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

				Current		
	1%	% Decrease (6.00%)	Dis	count Rate (7.00%)	1º 	% Increase (8.00%)
County's net pension liability	\$	5,477,863	\$	3,809,401	\$	2,427,368

#### **Primary Government (Continued)**

#### Net Pension Liability of the County (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate (Continued). Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of September 30, 2023, and the current sharing pattern of costs between employer and employee.

#### Pension Expense and Deferred Outflows of Resources Related to Pensions

For the year ended September 30, 2023, the County recognized pension expense of \$1,135,388. At September 30, 2023, the County reported deferred outflows of resources related to pensions from the following sources:

	0	Deferred utflows of Resources	Inf	eferred lows of sources
Net investment earnings difference	\$	957,507	\$	-
Assumption changes		58,409		-
Experience differences		241,681		43,206
Contributions subsequent to the measurement date		595,438		-
Total	\$	1,853,035	\$	43,206

County contributions subsequent to the measurement date of \$595,438 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending September 30, 2024. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending September 30,	
2024	\$ 362,305
2025	362,305
2026	375,454
2027	 114,327
Total	\$ 1,214,391

### NOTE 11. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which, except as described in the following paragraph, the County carries commercial insurance in amounts deemed prudent by County management.

The County participates in the ACCG Interlocal Risk Management Agency Property and Liability Insurance Fund and the ACCG Group Self-Insurance Workers' Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments.

As part of this risk pool, the County is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the fund being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the fund.

The fund is to defend and protect the members of the fund against liability or loss as prescribed in the member government contract and in accordance with the Workers' Compensation law of Georgia. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

There have been no significant reductions of insurance coverage from coverage in the prior year, and settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

## NOTE 12. DEFINED CONTRIBUTION PLAN

The County offers its employees the option to participate in a deferred compensation plan created in accordance with the Internal Revenue Code Section 457(b). The plan is available to all County employees and permits employees to defer a portion of their salary until future years. Plan provisions and contribution requirements are established/amended by the Tattnall County Board of Commissioners. The County does not provide a matching contribution. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. Plan assets are held in trust for the benefit of the plan participants and their beneficiaries, and will not be diverted to any other purpose. The plan is administered by ACCG Retirement Services. Employee contributions for the fiscal year ended September 30, 2023 were \$85,460. There were no employer contributions during the fiscal year.

## NOTE 13. CONTINGENCIES AND COMMITMENTS

**Grant Contingencies:** The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their representatives. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, County management believes such disallowances, if any, will not be significant.

**Litigation:** The County is involved in several small or pending lawsuits. In the opinion of management, based on consultations with legal counsel, an unfavorable outcome in excess of insurance coverage is unlikely.

**Outstanding Construction Commitments:** As of September 30, 2023, the County had \$2,532,498 outstanding on various construction contracts.

# **REQUIRED SUPPLEMENTARY INFORMATION**

## COMBINING AND INDIVIDUAL NONMAJOR FUND STATEMENTS AND SCHEDULES

## NONMAJOR GOVERNMENTAL FUNDS

## SPECIAL REVENUE FUNDS

**E-911 Fund** is used to account for the cost of operating and maintaining the Tattnall County E-911 system. Financing is provided by a charge to each telephone subscriber whose exchange access lines are in the areas served by the Tattnall County E-911 system and by a transfer from the General Fund.

Jail Fund is used to account for the expenditures made towards maintenance and operations of the County jail.

**Law Library Fund** is used to account for costs of operating and maintaining the County Law Library. Financing is provided from a charge added to and collected on all costs in civil and criminal cases.

Sheriff Special Fund is used to account for the Sheriff's Special Fund activity within the Sheriff's Special Fund.

**Drug Abuse Treatment and Education Fund** is used to account for collection of additional penalties for certain drug related crimes and for expenditure of those funds solely and exclusively for drug abuse treatment and education programs.

**Clerk of Courts Technology Fund** is used to account for collection of additional penalties for certain drug related crimes and for expenditure of those funds solely and exclusively for drug abuse treatment and education programs.

**Juvenile Probation Fund** is used to account for monies collected under Georgia law for probation services to juvenile offenders. Such monies are restricted to providing treatment to juvenile offenders.

**Community Development** Block Grant ("CDBG") Fund is used to account for CDBG grant revenues and expenditures relating to public works projects.

**Solid Waste Fund** is used to account for the costs of providing sanitation services to residents of the County. All activities necessary to provide such services are accounted for in this fund.

**Opioid Settlement Fund** is used to account for proceeds received from opioid settlement.

## CAPITAL PROJECTS FUNDS

**Department of Transportation ("DOT") Special Fund** is used to account for the Local Maintenance and Improvement ("LMIG") funds and other revenue received for road improvements within the County.

**2014 Special Purpose Local Option Sales Tax ("SPLOST") Fund** accounts for the proceeds of a SPLOST. Funds are used for road and drainage improvements, public safety projects, recreation projects, public building projects, County administration projects, debt service, and other City projects within the County.

# **COMPLIANCE SECTION**

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

### Board of Commissioners of Tattnall County, Georgia Reidsville, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Tattnall County, Georgia (the "County") as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 7, 2024. Our report includes a reference to other auditors who audited the financial statements of the Tattnall County Board of Health, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as items 2023-001 and 2023-002 that we consider to be material weaknesses.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or any other matters that are required to be reported under *Government Auditing Standards*.

#### The County's Responses to the Findings

*Government Auditing Standards* requires the auditor to perform limited procedures on the County's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The County's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mauldin & Jerkins, LLC

Savannah, Georgia March 7, 2024

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Commissioners of Tattnall County, Georgia Reidsville, Georgia

**Report on Compliance for Each Major Federal Program** 

#### **Opinion on Each Major Federal Program**

We have audited Tattnall County, Georgia's (the "County") compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended September 30, 2023. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2023.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
  perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
  evidence regarding the County's compliance with the compliance requirements referred to above and
  performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to
  design audit procedures that are appropriate in the circumstances and to test and report on internal control
  over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion
  on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is
  expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Passed through Governor's Office of Planning and Budget: Coronavirus State and Local Fiscal Recovery Funds	21.027	N/A	19,110
Total U. S. Department of Treasury			1,105,738
Total Expenditures of Federal Awards			\$ 1,105,738

# NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS SEPTEMBER 30, 2023

### NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Presentation**

The Schedule of Expenditures of Federal Awards is prepared using the modified accrual basis of accounting.

#### **Measurement Focus**

The determination of when an award is expended is based on when the activity related to the award occurred.

### **Program Type Determination**

Type A programs are defined as federal programs with federal expenditures exceeding the larger of \$750,000, or 3% of total federal expenditures. The threshold of \$750,000 was used in distinguishing between Type A and Type B programs.

#### Method of Major Program Selection

The risk based approach was used in the selection of federal programs to be tested as major programs. The County did not qualify as a low-risk auditee for the fiscal year ended September 30, 2023.

### **De-Minimis Indirect Cost Rate**

The County did not elect to use the de-minimis cost rate for the fiscal year September 30, 2023.

### **Subrecipients**

The County did pass any federal grant funding through to subrecipients during the fiscal year September 30, 2023.

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

# SECTION I SUMMARY OF AUDIT RESULTS

# Financial Statements

Type of report the auditor issued on whether the financial							
statements audited were prepared in accordance with GAAP.	Unmodified						
Internal control over financial reporting:							
Material weaknesses identified?	<u>X</u> Yes <u>No</u>						
Significant deficiencies identified not considered							
to be material weaknesses?	Yes <u>X</u> No						
Noncompliance material to financial statements noted?	Yes <u>X</u> No						
Federal Awards							
Internal control over major programs:							
Material weaknesses identified?	Yes <u>X</u> No						
Significant deficiencies identified not considered							
to be material weaknesses?	Yes X None reported						
Type of auditor's report issued on compliance for							
major programs:	Unmodified						
Any audit findings disclosed that are required to be							
reported in accordance with the 2 CFR 200.516(a)?	Yes <u>X</u> No						
Identification of major program:							
AL Number	Name of Federal Program or Cluster						
21.027	U.S. Department of Treasury:						
	Coronavirus State and Local Fiscal						
	Recovery Funds						
Dollar threshold used to distinguish between							
Type A and Type B programs:	\$750,000						
Auditee qualified as low-risk auditee?	Yes X No						

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

### SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES

#### 2023-001. Probate Court - Segregation of Duties

**Criteria:** Internal controls should be in place which provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

**Condition:** There is not appropriate segregation of duties among record keeping, custody, and reconciliation of cash accounts and other operational functions in the Probate Court. We noted that a single individual writes the checks, approves the checks, and signs the checks. Only one signature is required on each check, and the same individual occasionally signs their own check.

Additionally, we noted that bank statements were being reconciled by Probate Court employees with no documented review of the reconciliation being performed.

**Context:** Several instances of overlapping duties were noted during interviews regarding internal control procedures, and there is no evidence of review for bank reconciliations.

**Effect:** Failure to properly segregate duties among recording, distribution, and reconciliation of accounts can lead to misappropriation of funds that is not detected during the normal course of business. Additionally, the lack of review of bank reconciliations can also lead to misappropriation of funds.

**Cause:** The lack of segregation of duties is due to the lack of a properly developed integrated work plan with appropriate controls and an improper allocation of available resources. In addition, in certain circumstances, there are a limited number of trained individuals in each office available to perform all of the duties.

**Recommendation:** The duties of recording, distribution, and reconciliation of accounts should be segregated among employees as much as possible. The Probate Court should implement a formal review process for approving bank reconciliations.

**Views of Responsible Officials and Planned Corrective Action:** We concur. The Probate Court is in the process of reviewing their respective systems and processes to evaluate and determine the most efficient and effective solution to properly segregate duties among all Probate Court functions to provide reasonable assurance that an individual cannot misappropriate funds without being detected during the normal course of business.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

#### **SECTION II**

#### FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)

#### 2023-002. Year-end Close Process

**Criteria:** Management is responsible for the accuracy and completeness of financial transactions to ensure accurate financial reporting. Generally accepted accounting principles require certain accruals and estimates be recorded in order to accurately reflect the overall net position and the change in net position from one year to another.

**Condition:** The County does not currently have an adequate monthly or year-end close process, whereby the County's financial records are adjusted, reviewed and reconciled to supporting documentation. A number of significant audit adjustments were required to various accounts of the County to properly report year-end balances.

**Context:** Significant adjustments were required across all funds of the County to properly report assets, liabilities, fund balance, revenues and expenditures.

**Effect or Possible Effect**: Adjustments were required to: 1) correct receivables, revenue, and fund balances across all funds, 2) correct accrued payroll and the applicable payroll expenditures, 3) correct prepaid assets and the related expenditures, 4) accrue additional payables, and 5) adjust interfund receivables and payables to actual at year-end.

**Recommendation:** We recommend the County continue to evaluate and review their respective staffing for the accounting function and determine if an adequate number of qualified people are currently available to address the condition. The County should also consider and evaluate their strengths and weaknesses relative to the high-level accounting function and take measures to address the concerns noted above with a goal of providing timely recording, reconciling, and reporting of County operations. Additionally, the use of a third-party accounting firm to aid in month and year-end close is a viable option that is used by other counties of similar size use.

**Views of Responsible Officials and Planned Corrective Action**: We concur with the finding. We will continue to review and improve policies and procedures to eliminate errors and identify deficiencies from both operational and financial perspectives.

### SUMMARY OF PRIOR YEAR FINDINGS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

#### 2022-001. Segregation of Duties – Probate Court

**Criteria:** Internal controls should be in place which provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

**Condition:** There is not appropriate segregation of duties among record keeping, custody, and reconciliation of cash accounts and other operational functions in the Probate Court. We noted that a single individual writes the checks, approves the checks, and signs the checks. Only one signature is required on each check, and the same individual occasionally signs their own check.

Additionally, we noted that bank statements were being reconciled by Probate Court employees with no documented review of the reconciliation being performed.

Status: Unresolved – See current year finding 2023-001.

#### 2022-002. Year-end Close Process

**Criteria:** Management is responsible for the accuracy and completeness of the financial transactions in the County's general ledger to ensure accurate financial reporting.

**Condition/Context:** The County does not currently have an adequate monthly or year-end close process, whereby the County's financial records are adjusted, reviewed and reconciled to supporting documentation.

Status: Unresolved – See current year finding 2023-002.
